  - G. CONTRACTOR sells or merges with a third-party (not a parent or subsidiary company) without the prior written consent of STATE.

- H. CONTRACTOR becomes insolvent or makes an assignment for the benefit of creditors, or a receiver, or similar officer is appointed to take charge of all or part of CONTRACTOR's assets.

CONTRACTOR shall cure any of the above breaches and notify STATE of such cure within two (2) weeks from receipt of a notice to cure from STATE. If CONTRACTOR fails to cure, STATE may terminate this Contract by giving CONTRACTOR written notice. STATE shall have no liability to CONTRACTOR thereafter except for payment of any balance due for conforming services performed prior to the date of STATE's notice to cure. STATE may, at its option and without regard to CONTRACTOR's ability to cure, terminate this Contract for cause in the event of any second or subsequent instances of the above breaches by CONTRACTOR.

On termination, the work products produced by the CONTRACTOR in any stage of completion shall be turned over to the STATE immediately. An appraisal of the value of work performed to the date of termination shall be made to establish the amount due to or from the Contractor. Also, all accounts and payments will be processed in accordance with financial arrangements set forth herein for work performed and/or material or services furnished up until the date of termination.

26. **TERMINATION FOR OTHER THAN NON-PERFORMANCE.** If the STATE terminates for reasons other than non-performance, the CONTRACTOR is relieved of any performance responsibilities on the project. The estimated completion of projects may overlap in new fiscal years. (STATE fiscal year is from July 1, to June 30).
27. **CHANGES AND EXTRA WORK:** The CONTRACTOR shall notify the STATE in writing within seven calendar days of alleged changes to the contract due to differing site conditions, extra work, altered work beyond the scope of the contract, or actions taken by the STATE that changed the contract terms and conditions. Work associated with the alleged change shall be suspended immediately and before any expenses are incurred. The written notification to the STATE shall include the following:
- (a) The date of occurrence and the nature and circumstances of the occurrence that constitute a change;
  - (b) Name, title and activity of each STATE representative knowledgeable of the change;
  - (c) Identification of any documents and the substance of any verbal communication involved in the change;
  - (d) Basis for the claim that the work is not required by the contract; and,

Failure of the CONTRACTOR to provide the required notice under this subsection shall constitute a waiver of any and all claims that may arise as a result of the alleged change. Following submission of the notification and in the absence of directions received to the contrary from the STATE, the CONTRACTOR shall continue diligent prosecution of the work under the contract to the maximum extent possible without impacting conditions of the alleged change. Within 14 calendar days after receipt of notice, the STATE shall respond in writing, either confirming or denying that a change has occurred, and advising the CONTRACTOR of the method and manner of further performance. Confirmed changes shall be followed by a negotiated written modification to the contract in accordance with the Contract Modifications clause of this attachment to the contract.

28. **PERSONNEL REQUIREMENTS & KEY PERSONNEL:** All officers, agents, volunteers, or employees of the CONTRACTOR or any of its subcontractors that are assigned to perform work under this contract shall have the proper training, skill, experience and licenses to meet acceptable standards of performance and as required by law. If, upon the written request of the STATE, the CONTRACTOR or its subcontractors fail to remove such person or persons or fail to furnish skilled and experienced personnel for the proper performance of the work, the STATE may terminate this contract with cause in accordance with the termination provisions of this contract.

29. **ASSIGNMENT AND SUBCONTRACTING:** The CONTRACTOR shall not subcontract any of the work required by this contract, or assign monies to be paid to the CONTRACTOR hereunder, without prior written approval of the STATE.

30**COOPERATION BETWEEN CONTRACTORS:** The STATE reserves the right to contract for and perform other or additional work associated with this contract. In this case each CONTRACTOR involved in shared work areas shall place all work files and elements on designated STATE project network drive, as well as coordinate with development of shared code, data, objects, etc., without interfering with or hindering the progress or completion of the work by the CONTRACTOR, other contractors, or STATE employees.

Where warranted, when separate concurrent contracts are awarded within the same work area, each CONTRACTOR shall submit a current realistic progress schedule that coordinates their work with the work of other contractors. Before the STATE accepts the schedules, each party shall have the opportunity to review all schedules. After review and consultation, the STATE will determine acceptable schedules, which will then be incorporated into the contract for each CONTRACTOR.

Each CONTRACTOR involved accepts all liability, financial or otherwise, in connection with their contract and is responsible for any and all damages or claims that may arise because of interference, hindrance, delay or any other loss caused to other contractors working within the limits of the same work area, or to the STATE.

The parties hereby recognize and consent to the above mentioned arbitration association's jurisdiction over each and every one of them.

32. **DISPUTES.** Any dispute arising under this Contract that is not resolved by the STATE and CONTRACTOR shall be decided by a court of law under the terms of Section **31. Forum for Enforcement.** Pending settlement of the final decision by the court, CONTRACTOR shall proceed diligently with the performance of the Contract in accordance with STATE's direction.
